

Mrs. Boehmler's 4th Grade September News

Greetings! We're off to a busy start of school relearning all the things that make Sterling run smoothly. PBIS, or Positive Behavior Intervention Support, is what Sterling uses as we all focus on being Respectful, Responsible, and Safe. Please ask your child what this looks like at Sterling.

Math- Students are learning multiplication math facts. Please encourage them to learn them.

Fieldtrips- Our first field trip is scheduled for *September 22th to Exit Glacier in Seward*. Busses are very hard to come by this year so I am seeing how many of you would be willing to drive. **Volunteers-** you must be a school district approved volunteer to come on field trips or to help out in classrooms. Go to: www.kpbsd.k12.ak.us and click on the Volunteer Tab. *We need chaperones for our Exit Glacier trip and other trips throughout the year. The district is using a new background check company and it is taking 2 weeks to get cleared. Please do this ASAP☺*

Classroom behaviors- I take teaching very seriously and want to make sure no one is keeping your child from learning. When interruptions occur, for whatever reason, it takes all of our minds off our tasks and we have to work hard to get our focus back. Your child helped come up with consequences for behavior that does not meet our Sterling expectations.

Assignment Notebooks- Your child fills this out each day. It helps them remember homework, special events and other information that would be forgotten after a busy day at school. *Please look it over and sign it each night. An initial is just fine.*

Thank you for sharing your child with me! They are a bunch of darling and lively kids. If for any reason you are concerned about anything, please get in touch with me.

_____ I can drive to Exit Glacier, September 22th. We would be at Sterling at 7:00am and return by 3:00pm.

I have _____ seatbelts for children. (Students are not allowed to sit in the front, unless they are your own children).

Your name and phone number
