April 21st

Falcon Fun Night

April 22th

Aluminum Can Round-up

April 25th

PTA Meeting @ 4pm

April 28th

Sterling Volunteer tea

@ 2:30 in Library

Language Arts

- In our reading groups we are continuing to practice how to decode words so students can recognize spelling patterns while reading.
- We have been reading a lot of great non-fiction stories and discussing author's purpose.
- Students are continuing to work on fluency in their reading. I am seeing huge improvements.
- In writing, students have been writing opinion pieces.

Math

- We have finished our My Math books.
- Students did an amazing job working through all the first grade standards.
- For the rest of the year we will be taking time to review things we have already learned to ensure students have retained math concepts such as: time, three digit addition, adding and identifying coins, place value, etc.

Don't forget!

Field trip to the Hospital on Thursday! Please be to school on time, we will be leaving right after specials.

Homework

- Due every Friday!
- **Baggie books are due on Fridays!**

Are you smarter than a first grader? (If returned students get a dojo point)
Discuss with your student: Who's face in on our nickel?

A note from Mrs. King!

There are no conferences for the rest of the year. After reviewing your child's report card, please let me know if you have any questions or concerns. If you would like to meet and discuss the report card or talk about your child's progress, please let me know. I would be happy to meet with you before or after school. Thank you!
