KPBSD Budget Meeting

Questions asked by the group during the budget meeting:

1. Does the borough charge a flat rate or hourly for what is done at the school? One of our parent members is a contractor and has subbed in our building and others. He has always wondered why the workers always seem to come in twos and come back many times for one issue. Wondered if it was because it was an hourly rate.
2. Is it possible to itemize for the public the borough maintenance work? Is that already somewhere?
3. Is the snow plowing and sanding bid out like other big services?
4. Where do the marijuana taxes go? Is it just into the borough general fund or is a portion directly into the district's budget?
5. Are there more specifics as to where the 4900 funds are spent?
