Thank you for allowing your child read to you! If you need reading materials, I can provide your child with leveled books to take home and read.

100th Day of School

Thursday, February 1, marks the 100th day of school! Your child's 100 collection is due on Thursday and will be displayed in the primary wing for all students to view. Also, if you are able to provide your snack, the 100th day snack item is due by Thursday as well. Your child is invited to dress as if they were 100 years old on this day. Primary staff members also participate in dressing up. Rotations will take place in the afternoon with all primary classes. This is going to be a fun event!

Math

Thank you for assisting your child with his/her math homework. As the year progresses, word problems and number sentences become more challenging. Addition with 2 digit numbers (with and without regrouping) are going to be a focus throughout the school year. We will, of course, still progress through all of the Math lessons and move onto measurement. However, it is so important for your child to have a strong foundation in place value, number sense, addition/subtraction and problem solving strategies.

As always, please feel free to contact me with any questions or concerns. I can be reached via the Remind App or by calling the school. I may not always be available to take your call during the school day, but I will always get back to you as soon as possible. Thanks!

Points of Interests:
