4/6 Falcon Fun Night

4/20 No School, Enjoy the extra day off with family

This month...

Our class filled our pom pom jar last week! On Wednesday, the 4th, we are going to have a class pizza party. At lunch time, students will be able to eat in the classroom. If there is anyone that is interested in bringing vegetables or a dessert, it would be appreciated! We would also love it if you could join us for lunch! If you're able to, send me a quick message so that I can make sure that we have enough pizza to go around. Students also voted to watch a movie with their pizza. Please see the attached permission slip as the movie, The Nut Job 2, is rated PG.

4th Graders

Science: Where on Earth are earthquakes, volcanoes, and mountains found?
What are some examples of waves?

Social Studies: Continue Southeast region and midwest of the United States

Language Arts: Words with VCCV and VCV patterns, VCCCV pattern

Writing: Research Writing, students will choose a state to research

5th Graders

Science: How does the moon seem to move and change shape?

Health: The Truth About Drugs
